PRELIMINARY AMENDMENT

Assistant Commissioner for Patents,
Washington, DC 20231

Sir:

Kindly amend the above-identified application as follows:

IN THE SPECIFICATION

Please replace the paragraph [0001], with the following rewritten paragraph:

This application is a continuation-in-part of co-pending application Serial No. 09/010,490, filed January 21, 1998, which is a continuation of Serial No. 08/740,992, filed November 5, 1996, now Patent No. 5,778,525.

20220116462001

REMARKS

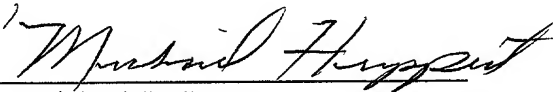

The present Preliminary Amendment is submitted to complete the reference to the parent application on page 1 of the specification.

A copy of the amended portion of the specification with changes marked therein is attached and entitled "Version with Markings to Show Changes Made."

Note, a petition for a two month extension of time has been filed in the parent application No. 09/010,490 to maintain co-pendency with the present CIP application.

Respectfully submitted,

Kanji HATA et al.

CROSS REFERENCE OF RELATEING APPLICATIONS

BACKGROUND OF THE INVENTION

[0003] Generally, in an electronic component mounting apparatus, a number of component supply means are mounted in parallel to one another on a component supply table. In a component mounting stage, the component supply means are successively positioned in a specified component supply position according to a sequence of mounting components
